

Dear parish and town councils

Advance notice - Cycling event around The Ridgeway near Wantage, Compton and Harwell

SCOTT Mountainbike Marathon event – Sunday 28th May 2017 10am to 5pm.

Please note that there will be lots of mountain bikers using The Ridgeway and surrounding rights of way around Wantage, Compton and Harwell this Sunday. This event is listed in the Ridgeway events calendar that I emailed round last month so most people should already be aware of it.

It would be especially helpful if you know of anyone who rides a horse in the area and could let them know. Thank you.

The event organisers, Cycletec, are working with the National Trail Team and others to ensure the event runs smoothly. Please go to the event website or check event signage on the day for more details: www.mtb-marathon.co.uk
