Notice of the Annual Town Meeting

All residents of the Parish of Didcot

You are invited to attend the Annual Town Meeting to be held at:

Didcot Civic Hall
on
Wednesday 20th March 2019 at 7.30pm

Councillor Bill Service
Mayor of Didcot
8th March 2019

Agenda

1. Opening address and welcome by the Town Mayor
2. Apologies
3. Minutes of the meeting held on 21st March 2018
5. Open forum – questions
6. Close of the meeting

Tea and coffee will be available from 7pm and throughout the evening.
Annual Town Meeting
Wednesday 21st March 2018 at 7.30pm
Didcot Civic Hall

Minutes

Note: These minutes are subject to approval as a true and correct record at the next Annual Town Meeting.

PRESENT

Councillors:

Ms J Billington (Mayor)  Mr S Hewerdine
Ms C Augustine  Mr M Khan
Mr S Connel  Mrs D Macdonald
Dr S Clarke  Mr R Milton-Eldridge
Mr N Harris  Mr C Robertson
Mr N Hards  Mr B Service
Mr D Healy  Ms P Siggers

Officers:  Mrs J Perrin (Interim Town Clerk)
            Mr T Hudson (Deputy Town Clerk)

Thirty members of the public present.

Mayor of the Council, Councillor Ms J Billington, welcomed attendees to the Annual Town Meeting. Having referred attendees to her report, Councillor Billington reflected on how much she had enjoyed her year as Mayor, and the opportunities she had had to meet people and represent the people of Didcot.

1. Apologies

Councillors Mr A Dearlove, Mr T Harbour and Mr J Hart tendered apologies.

2. Minutes of the meeting held on 15th March 2017

The minutes of the meeting held on 15th March 2017 were agreed and signed as a true and correct record.

Leader of the Council, Councillor Mr B Service, introduced the annual report and encouraged attendees to read it. In addition, Councillor Service lauded the opening of the next phase of the Orchard Centre, which signified Didcot's development as a ‘destination town’. Councillor Service stated that as the town expanded, he would be lobbying for boundary changes to ensure that the boundaries of Didcot reflect the natural usage of facilities by those living on the parish border.

4. Open Forum – Questions

Q Who has overall oversight of development within Didcot? (R Lee)

A Councillor Mr B Service explained that the body with the biggest section of oversight of development was the Didcot Garden Town board, which was overseen by Councillors and officers from South Oxfordshire District Council and Vale of the White Horse. At a lower level of housebuilding, each District Council – Vale of the White Horse and South Oxfordshire District Council – had responsibility for overseeing the developments within their respective boundaries. Regarding the building of a multi-storey car park at the railway station, this was a special case because the railway did not need planning permission. The Town Council had opposed the car park’s construction but had been ignored.

Q What percentage of housing is affordable within Didcot?

A Councillor Mr B Service explained that the District Council's aspiration was for 40% to be affordable, but because developers state that such a figure is unviable for them that figure is never met. Councillor Mr M Khan agreed, stating that it was a frustration to him as a South Oxfordshire District Councillor to see applications come in stating that the 40% threshold would be met, only at a later stage to see this substantially reduced, and that there was a need in Didcot for both affordable homes and affordable rents. Councillor Mr S Connel also asked that it be noted that the Town Council was simply a planning consultee, and it did not have any final decision-making responsibility.

Q Why are building companies not required to pay a contribution towards access being improved?

A Councillor Mr S Connel explained that there is exactly such a requirement, but that the pot the developer payments go into is not managed by the Town Council.
Q Can the Town Council intervene to address the issues of all day parking in time-limited parking bays in Didcot, and non-disabled users parking in the disabled bays outside Boots?

A Councillor Mr B Service explained that parking is not an area which the Town Council has a legal power to enforce. The District Council had previous looked at the possibility of having wardens, but had decided not to proceed due to the high set up and maintenance costs of the scheme. Councillor Service confirmed that the Police would be invited to the next Traffic Advisory Group meeting, where the issue would be considered.

Q Can the Town Council look into the failure to respond to a letter about disabled toilets in the Orchard Centre? (D Stavris)

A Councillor Mr B Service noted that the correspondence had been passed to the developer, who held responsibility for the toilets. However, the Town Council would look into the claim that the original letter had not been replied to.

Q Why was the issue of disabled toilets not included in the Annual Report?

A Councillor Ms J Billington said the Town Council manages a high number of issues, not all of which can be included within the Annual Report.

Q Is there a development proceeding on the land opposite Tesco?

A Councillor Mr B Service stated that he was not aware of one going ahead at the moment.

Q Is it possible for a housing association or the District Council to develop the land opposite Tesco?

A Councillor Mr B Service stated that such a decision would be a District Council matter, but that he was aware that Cherwell District Council had set up their own development company and that it was being looked at with interest by other local District Councils. Councillor Mr N Hards added that there had previously been a degree of interest within the District Council for compulsory purchase of the land around 2003, and that it was a pity that that interest had evidently cooled.

Q Do you know when the Northern Perimeter Road will be completed? (E Bracken)

A Councillor Mr B Service confirmed that the Northern Perimeter Road was now fully funded, and that the County Council recognised the urgency of its delivery.

Q Is there going to be any toilet provision within the Orchard Centre?

A Councillor Mr B Service confirmed that toilet facilities were within the Orchard Centre plans.
Q  Can the Town Council provide an update on the progress of the Fields in Trust application to make Smallbone Rec a Centenary Field?

A  Councillor Mr S Connell asked the Deputy Town Clerk to provide an update. The Deputy Town Clerk explained that the agreement was largely in place, but that the need to involve the Bowls Club as a third party to the agreement between the Council and Fields in Trust was slowing the process down. Councillor Mr S Connell explained that he did not expect the process to slowed down further because the Bowls Club were no longer asking to be able to extend their property.

Q  Can the Town Council ask on behalf of residents for more details about why a golden goodbye was given to David Hill on his departure from South Oxfordshire District Council?

A  Councillor Mr B Service stated that the decisions on how to manage staff were an internal matter for South Oxfordshire District Council, but that the Town Council would try to get clarification. Councillor Mr D Healy agreed that the Town Council should bring it to the attention of South Oxfordshire District Council to bring it to their attention that the matter was raised at the Town Council’s Annual Town Meeting.

Q  Can the Town Council seek to establish why contractors without the ‘Caring Constructors’ designation are allowed to build on Great Western Park?

A  Councillor Mr M Khan explained that he would be having a meeting with the Chief Exec of South Oxfordshire District Council to raise concerns about the treatment of neighbours to Great Western Park by contractors and would feed back afterwards.

Q  In light of the changing retail environment that is and will take place as Didcot expands, will the Town Council make the case to South Oxfordshire District Council that small independent businesses are being treated badly?

A  Councillor Mr S Connel put forward the fact that Didcot Town Council had tried during his time as the Chairman of the Planning Committee to support small independent businesses by seeking that the Orchard Centre have a number of smaller and reduced-price units set aside. However, this suggestion was overruled. The Town Council would, however, seek to continue to take opportunities to support independent local businesses.

Q  Will the Town Council be willing to contact Taylor Wimpey to ensure that boards regarding the findings of archaeological surveys are erected at Boundary Park?

A  Councillor Mrs D Macdonald stated her previous involvement with the boards project and said she would be happy to follow this up.
Q  When did the Traffic Advisory Group last meet, and when is it next due to meet?

A  Councillor Mr B Service confirmed that following a review the Traffic Advisory Group was going to proceed but asked for the information from the Deputy Town Clerk on dates, who confirmed the last meeting had been in December 2016. Mr D Healy explained that a hiatus had occurred due to Police and County Council officers feeling insufficiently protected from the public at the last meeting. Councillor Mr N Hards confirmed that Councillors were presently being asked for dates for the next meeting in early June 2018.

Q  Will South Oxfordshire District Council councillors support taking on civil enforcement of parking by the District Council?

A  Councillor Mr B Service stated that he was sure that Didcot Town Councillors on South Oxfordshire District Council would be happy to take the suggestion forward to the relevant South Oxfordshire District Council cabinet member.

Q  Will Councillors support approaching Willowbrook Leisure Centre to ask whether their toilets can be made available for public use?

A  Councillor Service stated that the Town Council could make that request.

Q  Can South Oxfordshire District Council Councillors speak to officers for a response regarding how a recent Local Green Space designation application was assessed for Ladygrove Park and the conclusions reached?

A  Councillor Mr B Service agreed to ask to do so.

Q  Can South Oxfordshire District Council Councillors or those on Didcot Town Council Planning Committee seek clarification on the application of green space level guidelines to new planning applications?

A  Councillor Mr B Service agreed to do so.

Q  Can the Town Council make comment about the recent changes regarding the changing circumstance of John Cotton at South Oxfordshire District Council?

A  Councillor Mr S Connel reminded the questioner, Councillor Mr S Hewerdine, that the point of an Annual Town Meeting was to be a forum to focus on getting the best for the people of Didcot, and not for seeking to engage in political points scoring relating to the workings of an external organisation.

Q  Who is the body responsible for hedge cutting and litter on A4130? (G Connolly)

A  Councillor Mr B Service explained that the responsibility was shared between South Oxfordshire District Council and Vale of the White Horse District Council, and that he had already complained to them about the state the road had been left in.
The meeting closed at 8.50pm

Signed: (Mayor) Date:
Didcot Town Council

Mayor’s Report

As we draw to the end of another year of change and improvement in Didcot, I will take this opportunity to thank the elected members of the Council for giving me the chance of representing the Town over the past year as the Mayor.

The Mayoress has accompanied me on nearly all of my duties, with visits as far afield as Staffordshire to watch our Army Cadets on their summer camp, to Banbury in the North of the County for the Town Mayor making; a visit to the St Georges Barracks in Bicester for the Mayor’s Charity Dinner. We have attended Civic Services in Wallingford, Thame, Abingdon, Bicester and Witney and also Witney Mayor’s Charity Fashion Show; opened a nursery on Great Western Park; celebrated birthdays and anniversaries with local communities, attended a picnic (with our wonderful summer heatwave, it was a lovely afternoon); we have had the honour of presenting well-earned certificates to local school children and fund raisers for charity.

We have also attended several services and concerts in both Dorchester Abbey and in Christ Church Cathedral in Oxford, where we were treated to a wonderful performance by our very own Girls School Orchestra. We have attended many, varied fund raising events from horse racing nights to Bingo and quizzes, each and every one bringing fun and enjoyment to one and all.

We started our fund raising year here in Didcot for my two charities with a Lawn Bowls Gala Day at the Didcot Bowls Club, which was a tremendous success, a scorching day added to the enjoyment for all bowlers, even those who had never bowled before. My two chosen charities are locally the Didcot Volunteer Centre, who do sterling work by driving local residents to medical appointments (who are unable to make their own way there and back) and SSAFA who look after our armed forces and their families both past and present.

I must mention the generosity of our local businesses and residents who have given donations towards the many raffles and fund raising events throughout the year, which goes a long way in supporting those in need across the Town.

The Summer Fayre was a lovely day out for the whole family in Edmonds Park and which showcased our local businesses, charities, clubs and of course local talent performing on stage musically and our fantastic dancers.

There are many events coming to our Civic Hall and across the Town, not forgetting our fantastic theatre - Cornerstone, for all to enjoy. So please keep a close eye on the local press and posters.
Our celebration dinner in November was a huge success, This was to commemorate the 100th anniversary of the cessation of hostilities in First World War and was marked by the unveiling of a stained glass window in the Civic Hall by the deputy Lord Lieutenant of Oxfordshire, Elizabeth Paris. (The window was commissioned by ourselves, the Mayor and Mayoress, to the memory of the fallen who gave their today so that we can have our tomorrow). The Artist was Rosalind Duffy from Eynsham, so take a trip along to the Civic Hall and have a look above the door when entering the bar area.

Lastly, I will say a big thank you to all of our Council staff both inside and outdoors who have all helped enormously in making my year as the Mayor very enjoyable. It has been an honour and privilege for both Angela and myself to represent Didcot.

Councillor Bill Service
Mayor of Didcot Town Council
March 2019
Leader's Report

This has been an extremely busy year for the both Didcot and the Town Council so instead of trying to talk about everything that we did I thought it may be more useful to focus my report on a few of our key projects.

First, I met with both SODC and the County Council to discuss bringing parking enforcement back to the town, something which had not progressed in close to a decade. I am glad to say that the legally required business case was given funding and once complete will go to the Secretary of State for official approval.

The second project that the people of Didcot had been promised over and over was a new sports pavilion for Edmonds Park. This year for the first time the Town Council took the large step of allocating funding to the project and stated categorically that this is something we want to do.

The third project was our decision was taken to bring the Civic Hall in house. Although this may sound like a small decision it is actually extremely important for the people of the town. With this decision the Council is now in a position to ensure that the building can be run for the community and remain an asset for the town.

Other slightly smaller actions such as improving green spaces across the town were also given priority. Whether it was our decision to allocate funding to repair the skate park on Ladygrove, replacing all the old equipment at Marsh Recreational Ground with brand new ones, bringing the grass cutting contract back in house, funding the cleansing of Ladygrove lakes or signing official contracts protecting green spaces from development, the council has worked hard to ensure the best for Didcot.

On a separate note you may be aware the vast majority of large councils in the UK (Town, District and County,) have cut services, raised taxes or carried out both actions. I am happy to say that Didcot Town Council have provided the above projects and many more without you, our residents, being asked to pay us a single penny more in Tax.

Finally as this will be my last Annual Town Meeting I would just like to take the opportunity to personally thank all of our staff, the councillors who voluntarily give up time with their families and of course the residents who provided us with the opportunity to make Didcot better.

Thank you,

Councillor Steve Connel
Leader of Didcot Town Council
March 2019
Report from the Chairman of the Finance and General Purposes Committee

Once again, a busy year for Didcot Council and the Finance Committee.

**Most importantly is that we have not increased Council Tax, for you, the residents of our Town.**

Project work is underway within Edmonds Park. The dilapidated Outside Services depot has now been demolished and its replacement is progressing well. The walls have been erected and roof put on, and the flooring is currently being worked on. The anticipated date of practical completion is July this year.

The Town Fayre held last year run by Play 2 Give and Sustainable Didcot, with help from Council Funds, was a great success in bringing the Town together and we are continuing to support this event.

In the financial year to date, almost £27,000 has been allocated towards applications to our Grant Aid fund. These grants benefit charities and community groups within the Town, who, without our help, may no longer be able to keep going or would have to cut back on the amazing work they provide.

A few that have benefitted from our help include Revitalize and Be Free Young Carers, providing support and respite and support to disabled people and their carers, and young carers respectively, Oxfordshire South and Vale CAB for the provision of advice services in Didcot, and the Free Christmas Lunch initiative providing lunch and company for those without friends or family on Christmas Day.

This year the Town Council has also funded speed surveys along speeding hotspots in the town, and has continued to part-fund the Police Community Support Officers in the town.

A successful year for the Town which I hope will continue in future years.

**Councillor Jackie Billington**  
Chairman of Finance and General Purposes Committee  
March 2019
Report from the Chairman of the Environmental Committee

Being the Committee responsible for the Town Council’s outside spaces the work of the Environment Committee is some of the most visible in the Town. Over the last year the Committee has worked hard to protect and improve the services we provide to residents.

In September the Town Council joined with the British Legion and a number of local schools to dedicate Smallbone Recreation Ground as a Centenary Field. In addition to being dedicated to the memory of those who died protecting our freedom in World War 1, the designation means that the recreation area is now held in trust, meaning it cannot be developed and its status as a recreation area for Didcot is safeguarded into the future.

Two other areas of responsibility for the Environment Committee are the Council’s cemetery at Kynaston Road, and its allotment sites. Over the last year the Town Council has finished its review of the workings of the cemetery; feedback from the local funeral directors and memorial masons has been very positive. Didcot Town Council is considered one of the preferred cemeteries to deal with already, but the changes coming into effect in April will mean an even better service is available to residents at a time when it is needed.

Likewise, a number of decisions have been made to improve our allotments. Following feedback from allotment representatives we will from April be running a trial to allow allotment holders to have dogs on their allotments, Town Council staff have begun to take responsibility for cutting the pathways, and we have updated our eligibility criteria to reflect Didcot’s changing landscape by allowing Vale of the White Horse residents of Great Western Park to apply for allotments in Didcot. The Environment Committee has also led on taking an application to the Department for Housing, Communities and Local Government to enable RESTORE to build a more suitable building on allotment land at New Road.

In the last year the Environment Committee has received a petition regarding adding end panels to the bus stop on Station Road. Due to a number of legal issues this has proven very complicated, but a lot of progress has been made and the Committee will continue to work on it. Also regarding bus stops, the Committee has used part of its budget to fund a new bus stop outside the Bingo Hall on Broadway.

Looking to the future, the Environment Committee has made a number of important and exciting decisions. It has recommended that the Town Council take on
responsibility for the land and play area at St Hugh’s Rise, meaning the Town Council will be the owners of the play area. Likewise, an application for £50,000 of grant funding has gone in to refurbish the play area at Smallbone Recreation Ground. The response to our consultation was fantastic and we feel we have got a really good steer on what people want there.

From next year the grass cutting in Ladygrove will no longer be undertaken by external contractors but by Town Council staff. This decision was made to ensure that the Town Council had control over the cutting and ensure that the quality of service we wish to provide to our residents is upheld.

Finally, the hot summer we had meant that we had problems with our flower beds and lakes. For the former we did not have sufficient staff or resources to give them the near constant watering required. As such, to safeguard this from happening again the Environment Committee has agreed that more robust perennials will be planted instead.

The hot summer also meant that water and oxygen levels at Ladygrove Lakes fell, leading us to close the Lakes for a time in June on the advice of the Environment Agency. The Lakes were reopened to members in September, but the Environment Committee has made budgetary provision for a long term plan to install aerators which will reoxygenate the water and safeguard the wellbeing of the fishstock.

Overall it has been a very productive year for the Environment Committee. We hope that our residents enjoy the work we have done to improve our open spaces in the present, and look forward to seeing our plans for the future come to fruition for the benefit of the whole Town.

Councillor Alan Thompson
Chairman of the Environmental Committee
March 2019
Report from the Chairman of the Planning and Development Committee

Didcot Town Council’s Planning Committee usually meets every 3 weeks, on a Wednesday. The main agenda item is to discuss any new or, recently amended planning applications, received by South Oxfordshire District Council. The Committee will also discuss and respond to correspondence from the Town Council’s own Traffic Advisory Group as well as external consultations. The meeting is open to the public and any attendees may address the Committee on any agenda item. The Committee is an advisory consultee to South Oxfordshire District Council. It is South Oxfordshire District Council who make the final decision.

The vast majority of applications the Committee see are household applications for extensions, conservatories and such like. We have also continued to see a significant number of applications for infill dwellings. These are the addition of homes in the gardens of existing dwellings or on land in an otherwise built up frontage. The Committee assesses these applications to ensure they provide adequate parking, amenity space and that they do not pose an unacceptable loss of privacy or light to neighbours.

Spring last year saw an outline application for 903 homes on fields between Didcot and West Hagbourne. The application was strongly objected to by the Committee. The Committee considered the speculative application to be damaging to the view from the AONB. It was felt that the development would erode the green space between Didcot and the Hagbournes and put additional strain on the narrow roads through West Hagbourne. The application was later withdrawn by the developer.

Planning permission was granted in November for a 70 bed care home next to Marsh Bridge. The Committee originally had some concerns over the possibility additional traffic movements and the loss of land for employment. The Committee met with the developers numerous times to discuss our concerns. The Committee was latter satisfied, that the proposed care home would not lead to any major increase in traffic movements relative to the movements of the existing businesses. It would also provide an increased number of Jobs. The Committee was also glad to be able to work with developers to deliver a living wall on the side of the building in an area that has been identified with high air pollution. Due to these meetings the Town Council has also ensured that there will be bus shelters at the existing bus stops.

November also brought the long awaited application for GWP health site. The Committee was very glad to see the application finally come forward for these badly
needed facilities. However the Committee decided that proposed plans needed to be revisited and improved. It was felt that the proposed 3 story building was close to nearby dwellings and some neighbours had raised concerns that it would be overbearing. The Committee also felt the number of parking space was inadequate although it acknowledged that due to space restrictions, little could be done. The Committee now looks forward to working with stakeholders to improve on the current designs.

In January Didcot Town Council defended its decision at an South Oxfordshire District Council Planning Committee to recommend refusal of the extension of opening hours for a takeaway on the lower Broadway. Didcot Town Council’s Planning Committee felt that the proposed opening hours (as late as 3:30am) were unacceptable in a semi residential area. If was felt that it would lead to addition disturbance to local residents and the possibility of antisocial behaviour. The South Oxfordshire District Council Committee agreed with Didcot Town Council and the application was refused.
