

Report for 2018 Grant Aid – King Alfred Drive Community Centre

The Report – At the time of the application for the grant the finances were very low at £2,820 – 03.

The £2,000 granted went to subsidise the rent payable to SODC at £1,300 per quarter, add to that payments for gas, electric and water rates as well as other payments for maintenance to the boiler, the security and fire alarms.

I hope this meets with the approval of the Finance and General Purposes Committee, and thank them for awarding this grant.

John Child
